Specialists in Plastic Design & Manufacture

Certificate of compliance

HX Glass is a major glass container manufacturer in China established in 1987. Glass containers were produced in accordance with local regulatory requirements pertaining to their use as a food contact material and are fit for the purpose intended, i.e. containing food and beverage products.

This letter is to certify that the glass containers we produced comply with GB19778-2005 for Packaging Glass Containers.

Our manufacturing facilities operate under a quality system accredited to ISO9001:2000 and HACCP standards.
