VITAHIVE

SCIENCE-BASED NUTRITION

BEE FIT!

GOOD FOR REPRODUCTION

BEE STRONGER FLY FURTHER

BEE STRONGER LIVE LONGER

View the science at vitahive.co.nz

*From local and imported ingredients

VitaHive is a range of scientifically researched and formulated bee health and nutrition products developed to deliver stronger and healthier hives. Our advanced manufacturing techniques produce highly palatable supplementary feeds with a superior blend of selected ingredients to produce higher honey yields, better brood and improved pollination.

Our latest research articles learn more at www.vitahive.co.nz

Power Feed - HPG Development:

The importance of the Hypopharyngeal Gland and how Power Feed™ influences HPG development

Brood Booster - Nutritional Panel:

The nutritional composition of Brood Booster and its effectiveness in helping to build healthy and strong hives

Power Feed - Particle Size:

Power Feed particle size and its relationship to nutrient absorption in bees

Brood Booster - Fermentation:

The effects of adding Brood Booster to sugar syrup on fermentation due to bacterial growth

now

Keeping ahead *with* HoneyMax

Less wax, more honey!

Pink for easy identification

Large Cells for faster, cleaner extraction

*Up to 110g more honey extracted per frame**

Field tested and proven by beekeepers throughout New Zealand, our new HoneyMax frames are an evolution in honey extraction. The larger cell size reduces extraction time, releases honey more freely and improves yield so you can watch that honey flow.

Fewer cells per frame also means less beeswax is used, resulting in faster comb production with less honey used to make it.

All frames available in your choice of 30g waxed or unwaxed.

* Based on the results of a 2017 Ecrotek extraction study (Full Depth frames)

Keeping ahead of the Frame Game

It must be said, all frames are NOT equal. By using Beetek pre-waxed frames, not only will you save time, but you'll prevent your precious beeswax resource from being wasted.

Our waxed frames are ahead of the rest

Beetek waxed frames have been sprayed using a sophisticated process, developed over time to deliver pinpoint precision waxing on both sides of your frame for consistent honeycomb build up.

But best of all is our unique application that bees just love to build comb on.

All Beetek frames, waxed and non-waxed, have production date stamps to help you keep track of your frame's age and to help with hive management. They're also proudly made in New Zealand from quality food grade materials.

Beetek frames. New Zealand's most widely used and accepted plastic frame!

*Minimum quantities apply

Bees love to build on our wax

Consistent waxing saves time & wastage

Custom frame colours and branding available on request*

BEE ENERGISED!
WITH BROOD BOOSTER

- BEE FASTER**
HIVE GROWTH
- BEE STRONGER**
FLY FURTHER
- BEE HEALTHIER**
LIVE LONGER

Boost your brood with **VitaHive Brood Booster™**, specially formulated to help stimulate the queen to lay. Scientifically researched ingredients, including a complete amino acid profile, provide vital nutrition for brood rearing and royal jelly production. Added essential oils assist feed uptake, improve hive health and slow syrup fermentation.

Simply add **VitaHive Brood Booster™** to your sugar syrup and feed during autumn to strengthen over-wintering hives, or feed to hives and splits in late winter and early spring to help break dormancy for a faster build-up and stronger colony sooner.

Bee fit and Bee strong with VitaHive™.

Beetek Ultimate One Piece Clear Queen Cage

Bees can be scoop filled via the large entrance or filled individually via the smaller entrance

Firm clipping mechanisms to ensure cages stay shut

Large cage with ample venting to allow for improved trophallaxis and scent exchange

Snap off candy access tab

Separate bee and candy cage access

Cages stack easily for bulk usage

Side venting helps airflow when cages are fitted tightly between frames

Made in New Zealand using quality food grade materials

Single piece, hinged design. Easier to use one handed or in gloves

apitraz

Amitraz 500mg

EASY STRIP

**KILLS
OVER
98%
OF MITES***

Deadly to Varroa, safe on bees

- ✓ Kills over 98% of mites in a single treatment*
- ✓ Strips designed for fast and efficient in-hive application
- ✓ 10 week treatment period**, which can play a key role in reducing infestation
- ✓ Used in over 1 million hives throughout Europe
- ✓ Highly toxic to varroa but safe for bees and queens

TWO STRIPS PER BROOD BOX

Distributed in New Zealand by
