

Hive Doctor

W5 Feeder - 5 Litres

- Unique W-Shaped bottom allows access to sugar syrup on uneven ground
- Integrated ladders help prevent bee drownings
- Cap and ladders securely lock in place
- Internal central rib prevents distortion
- 5 litre capacity
- 68mm wide
- High quality food grade plastic

The W5 Frame Feeder is a revolutionary new feeder from Hive Doctor. The W5 Frame Feeder was developed to reduce bee drownings that can be associated with traditional open topped frame feeders. The W5 Frame Feeder also has a unique W-Shaped bottom which provides bees access to sugar syrup, even with the hive is placed on uneven ground.
