TECHNICAL DATA

- **Manufacture:** steel sheet
- **Dimensions 6002X:** 100x80x420 mm
- **Weight 6002X:** 2 kg
- **Dimensions 6022X:** 100x80x420 mm
- **Weight 6022X:** 2,4 kg
- **Dimensions 6042X:** 100x80x420 mm
- **Weight:** 2,8 kg

DESCRIPTION

This support made of steel sheet and it's modular. This means that the beekeeper can build it when in need to use the ripener: after that he can put it back in a bag. This support has got the advantage of keeping at a comfortable height the ripener: in this way the beekeeper can tap the honey with an appropriate posture.
