Rib to strengthen central chamber, and prevent the feeder shape distorting

68mm (2 Frame) width

5 litre capacity

Strong design and materials

Pre-assembled, and easy to disassemble for cleaning

W-shaped bottom allows the bees to get to sugar syrup without the hive being perfectly flat

Cap & ladder clip together safely and securely

Keeping ahead *with* Frame Marking

Beetek plastic frames will now include both a Beetek logo and a year marking. We want you to know that by buying a Beetek frame you are not only buying NZ's most widely used and accepted plastic frame but you are also buying a quality product, made in New Zealand, from quality food-grade materials.

A new date stamp has also been added to help beekeepers keep track of frame age. Towards the end of each year we'll roll this over for the coming years season.

NEW HIVE DOCTOR SMART NUCS

- **New clipping mechanism** that holds tight without needing Velcro dots
- New 6 Frame 3/4 Depth and 7 Frame Full Depth
- Improved hive management flexibility e.g. 5 frames of bees and a feeder
- Cost effective, light-weight, and can be assembled in 60 seconds
- UV rated and waterproof with an 80kg stackable capability
- Heat Sealing Technology to improve thermal efficiency and maintain a consistent temperature

Keeping ahead *with* Queen Rearing

288 Cell Capacity

Strong plastic interior and insulating polystyrene exterior

Foam blocks have sealed bottom to prevent early hatching queens escape

Base has a water channel to allow adjustable humidity

Top polystyrene piece is removable

Humidity readout and countdown timer

Preset to 34°C with an alarm for increases and decreases in temperature

Smaller foam blocks of 36 cells allow distribution, transportation and storage in smaller quantities
